

## **GRAPE JUICE AGAR PLATES FOR EGG COLLECTION:**

For 500 ml:

376 ml water  
126 ml grape juice  
15 g agar  
6 g sucrose

Put in a 2L plastic beaker and microwave on high for about 6 minutes, swirling every 2-3 minutes until agar is dissolved.

Add 10ml ethanol, 5 ml acetic acid, mix well and pipet with a 25ml pipet.
